**Read the paragraph. Find the text and answer the questions.**

Why do we need to recycle? We need to recycle to save the Earth. What can we recycle?  
We can recycle paper, wood, plastic, metal and glass. How can we re-use plastic bottles? Easy!  
We can make vases with old plastic bottles. Anything else? Sure. We can make notebooks with  
used paper. How? Just cut it up and then staple it together. Great! How do we re-use cans?  
We don't! We usually recycle them into new cans.

1. What can we recycle? \_\_\_\_\_
2. What can we re-use? \_\_\_\_\_
